The University is currently encouraging inter-disciplinary higher education and research to spread knowledge to every strata of the society. It aims at creating a value-based and research-oriented world-class learning environment and establishing itself as a centre of distinction. The University adheres to the core values of respect, compassion and social responsibility. In all that it does, it strives for excellence, innovation, engagement, integrity and inclusiveness.

About the PMMMNMTT

The Pandit Madan Mohan Malaviya National Mission is envisaged to address comprehensively all issues related to teachers, teaching and professional development. It is a Central Sector Scheme envisaged to address the current and urgent issues such as supply of qualified teachers, attracting talent into teaching profession and raising the quality of teaching in schools and colleges. It is also envisaged that the Teacher Mission would pursue long term goal of building a strong professional cadre of teachers by setting performance standards and creating top class institutional facilities for innovative teaching and professional development of teachers. Under this mission, a Faculty Development Centre has been set up at Maharshi Dayanand University, Rohtak. This centre will inculcate among teachers the motivation to promote institutional effectiveness through the development of personal, instructional, organizational and professional growth of faculty.

About the Seminar

The higher education institutions are going under immense transformation in terms of evaluation, grading system, implementation of reformed practices like CBCS and utilization of technology in these reforms. This Programme will focus on challenges faced by higher educational institutions in terms of examination reforms. Apart from working on these challenges the seminar cum orientation programme will work toward certain outcomes for bringing skill enhancement and employability of youth through CBCS by including dialogue as a part of this seminar and publication of evolved thoughts in the form of book chapters in edited book by national level publisher.

The participants of the seminar are expected to deliberate upon validity and reliability of existing examination pattern, as well as changes implemented due to introduction of CBCS. The brainstorming sessions in the seminar will be conducted to generate ideas, solutions for providing freedom to teachers and students under CBCS in relation to curricula designing, adoption of teaching

methodology and examination methods these deliberations will help in building a discourse around as to what more can be done to improve the existing examination system including more use of automated examination system like online application, registration, question paper distribution and up gradation of online assessment for students. The presentation will also build a dialogue on CBCS which was intended to provide a system having flexibility and will provide opportunity to students for mobility in pragmatic terms. The seminar will also try to find out the answers of practical issues like transfer of students for grades across university in India and different types of course like discipline centric, Generic and skill development. The participants will present the utility of these courses in practical way.
