

Prof. Ramphul Ohlan

Institute of Management Studies and Research
Faculty of Management Sciences and Commerce (FMSC)
Maharshi Dayanand University, Rohtak, Haryana-124001,
India

Subject: Business Management, International Business

Global Recognition: Elevated in Stanford University World's
Top 2% Scientists List, 2023 and 2024

Research Mentor: FMSC Since 2021.

Sole Publications: 60, Citations: > 1500, h-index: 15, i10-
index: 23, g-index: 30. Highest Impact Factor: 12.9.

Administrative Position Held: Head, Department of Economics Central University
of Haryana, Mahendergarh, Haryana, 2015-16.

Global Universities Visited: Massachusetts Institute of Technology (MIT),
Massachusetts, USA; Harvard University, Massachusetts, USA; Columbia University,
New York, USA.

Global Business Schools Visited: Harvard Business School, Boston, USA; and MIT
Sloan School of Management, Boston, USA.

**Higher Education Planning, Development, Quality Assurance and Promotion
Experience:** > 20 years. **Academic Vigilance:** Cleaning of UGC CARE List.

Approach: Development Oriented. **Decision Making:** Sound. **Perspective:** Legal.

Nature: Humble and Smiley. **Character:** Robust. **Memory:** Sharp. **Principles:**
Honesty, Hardworking, and Smartworking. **Integrity:** High. **Hobbies:** Swimming,
Yoga, Running, and Wrestling. **Health:** Robust. **Height:** 6.2 Feet. **Weight:** 90 kg.

Appearance: Fair and Lovely. **Obesity:** No. **Goggles:** No. **Baldness:** No.

Disliking: Smoking, Drinking, and Academic Looseness.

Professor Ramphul Ohlan is an esteemed scholar in the field of management sciences who holds a Ph.D. from the Department of Economics at Kurukshetra University, Haryana, India. He has garnered international recognition, featuring in the world's top two percent of scientists in 2023 and 2024, a prestigious list compiled by Stanford University, USA. With over two decades of dedicated service in teaching and research, Professor Ohlan has made significant contributions to the academic world.

Prof. Ohlan's expertise is reflected in his extensive sole-authored publication record. His work has been published in internationally renowned journals, including Technological Forecasting & Social Change (Impact Factor: 12.9, ScienceDirect), Journal of Islamic Marketing (Impact Factor: 3.2, Emerald), Journal of the Knowledge Economy (Impact Factor: 4, Springer), and Serials Review (Impact Factor: 0.9, Routledge).

Beyond his research and publication achievements, Prof. Ohlan has been instrumental in advancing academic discourse through his active involvement in organizing high-quality national and international workshops, seminars, conferences, and faculty development programs. His work has been supported by substantial research grants from several national funding agencies, highlighting his commitment to both scholarly excellence and community engagement. His

dedication for improving quality of education is amply brought out from regular contribution in academic journals and organization of free-of-charge authenticated faculty and research scholars development programmes, conferences and seminars on emerging developmental issues.

He has to his credit more than 21 years (18 years, Post-Doctoral) of industry, research and teaching experience at Doctoral and Post Graduate levels at various Universities and firms. He has also been a faculty at the erstwhile Department of Business Economics, Guru Jambheshwar University of Science and Technology (2005), Hisar-Haryana, India; Maharshi Dayanand University (since October 2008). His areas of interest in research and teaching include business management, public health, smart home, information technology, socio-economic inclusion, and economic viability analysis.

Ongoing Work

Economic evaluation of rehabilitation services.

Creating an Innovative Learning Environment

He creates an innovative learning environment by incorporating information and communication technology in the classroom. He connects textbook material with current real-world examples, integrates field visits for students, hosts industry expert lectures, and promotes project-based learning. He also encourages community service and engages students in sustainable society programs. Furthermore, he offers flexibility, ubiquity, and connectedness to enhance the student learning experience.

Outline on Most Significant Contribution to Research

By producing high-quality research, Prof. Ohlan has set a benchmark for improving research standards in India. His publications have enriched the existing literature on a range of issues, including the implications of the WTO for Indian agriculture, the role of globalization in boosting trade in dairy products, the impact of demonetization on foreign tourist arrivals in India, the role of renewable and non-renewable energy in economic growth, the effect of population density on carbon emissions, and the elasticity of economic growth with tourism, electricity, and trade openness. His work also addresses India's comparative advantage in farm trade. These contributions offer policymakers fresh insights to formulate comprehensive economic, trade, community health, and energy policies for sustaining long-term economic growth and developing sustainable business strategies.

Roadmap for Teaching and Research for the Next Five Years

His roadmap for teaching and research over the next five years includes the following objectives:

- Introducing ICSSR-sponsored IMPRESS (Impactful Policy Research in Social Science), Global Initiative of Academic Networks (GIAN), UGC Stride, and UGC-sponsored SAP (Special Assistance Programme) in the department.
- Organizing capacity-building programs for faculty members to help them contribute to Science Citation Indexed (SCI) journals.
- Ensuring that each PhD holder publishes at least one research paper in a journal indexed in the Science Citation Index (SCI).
- Incorporating research project work into Master's level courses.
- Enhancing students' knowledge by organizing conferences on emerging issues.
- Introducing new programs in the department, such as a PG Certificate in International Business and Finance, Management Development Programs (MDP) on Pricing Management, Agricultural Business Management, and Business Analytics in a Big Data World. Other certificate programs include Export-Import Management, Capital & Financial Markets, and Global Trade Logistics and Operations.

Vision for the Institution for the Next Five Years

For a leading institution of high-quality teaching and research, I envision developing the department into much more than just a place for earning degrees and launching careers. It will be a space where minds are shaped, lifelong friendships are formed, and innovative ideas are born and tested. The department will become a social and intellectual hub within one of India's leading public universities. My dream is to see the department operating on par with prestigious institutions such as the Indian Institute of Foreign Trade (IIFT) in Delhi and the Delhi School of Economics at the University of Delhi.

Human Values

The set of human values I believe in and live include trustworthiness, empathy, passion, respect, stability, patience, kindness, selflessness, leadership, open-mindedness, persistence, courage, intelligence, strength, and reliability.

Ideology

Prof. Ohlan's commitment to the upliftment of the poor, underprivileged, and downtrodden is ingrained in his very being. This ideology is also reflected in his

research work (<https://www.tandfonline.com/doi/full/10.1080/14631369.2022.2160965>). He approaches the support of needy and dedicated students with a missionary zeal.

Miscellaneous Information/Readiness for Other Non-Teaching Activities/Responsibilities

Vice-Chancellor, Director Research, Dean Academic Affairs, Dean of Faculty, Director Internal Quality Assurance Cell, Convener GIAN, Head of Department, etc.
