4th INDIAN ANALYTICAL CONGRESS – 2025
Theme: “Analytical Sciences-Shaping the Future”
An International Analytical Conference and Exhibition
November 20-22, 2025

Venue: Maharshi Dayanand University, Rohtak, Haryana, India

Jointly Organized by

Indian Society of Analytical Scientists (ISAS)- Delhi Chapter and Department of Chemistry, M. D . University Rohtak

Dr. Dheer Singh

Convener, IAC 2025
Chief Research Manager,
Indian Oil R&D centre Faridabad.

Topics & Coverage

Scientific Domains	Analytical Technologies
❖ Energy and Energy Devices (EED) ❖ Chemicals, Petrochemicals and Polymers ❖ Bio-based chemicals & Polymers ❖ Renewables including Bioenergy ❖ Drug & Pharmaceuticals ❖ Life Sciences & Natural products ❖ Agricultural & Food ❖ Environmental Sciences ❖ Material Science and Catalysis ❖ Biotechnology ❖ Nanotechnology ❖ Forensic science ❖ Geology	❖ Spectroscopic Techniques (NMR, MS, GC-MS etc) ❖ Chromatographic Techniques (GC, HPLC, LC-MS, etc) ❖ X-ray Techniques ❖ Microscopy & Imaging Techniques ❖ Atomic Spectroscopy ❖ Surface characterization Techniques ❖ Thermal Analytical Techniques ❖ Hyphenated Techniques ❖ Off-line and On-line analytical technologies for process control ❖ Innovations in Lab safety & furniture ❖ Analytical & Lab equipment's ❖ Any other relevant domain / analytical technique

Researchers from all the domains of sciences working in diverse domains are invited to submit their contributions around the theme/topics of the conference. Please submit a short Abstract (1 page maximum, without figures/tables) for Oral / Poster sessions via the following google link:

The IAC-2025 intends to share latest developments and research achievements in the above domains by utilizing advanced characterization techniques such as x-ray diffraction (XRD), x-ray absorption spectroscopy (XAS), tunneling electron microscopy (TEM), NMR, Mass spectrometry, electro-analytical techniques, ICP-MS, GC-MS, and other traditional analytical tools, that can help reveal important properties through characterization of local structures in much finer details. IAC-2025 intends to discuss the latest and exciting happenings in the above domains impacting the future.

About Indian Society of Analytical Scientists- Delhi Chapter

Indian Society of Analytical Scientists-Delhi Chapter (ISAS-DC) with its head Office at Indian Oil Corporation Ltd R&D Centre, Faridabad is a multi-disciplinary body whose major functions are to inculcate & promote analytical sciences. It organizes Symposiums/ workshops on various topics on analytical sciences relevant to academics and industry. ISAS provides a common forum for Analytical Scientists to exchange ideas, keep themselves abreast of the latest developments in this field, thus promoting the growth of analytical sciences in the country. More than 1600 life members from more than 100 organizations are part of this chapter.

About MDU, Rohtak

Maharshi Dayanand University, Rohtak, named after a great social reformer. The University was established through an Act of Legislative Assembly of Haryana in the year 1976 with special objective - “To establish and incorporate a teaching cum affiliating University at Rohtak for the encouragement of interdisciplinary higher education and research”. It is located 70 kms away from Delhi on NH-10 and spread in 600 acres of land. During the last over 48 years of its existence the University has achieved a remarkable degree of success in its expansion programs, infrastructural developments and in academic excellence. The University today functions under 10 faculties with 37 post-graduate departments on the campus running 77 academic programs and it has ~600 institutions & colleges under its control with an enrolment of ~1.7 lacs students.

About Chemistry Department MDU

The Department of Chemistry was established in 1970 as a wing of the then Regional Centre, Panjab University, Chandigarh. In 1974 this became as a part of Regional Centre of the Kurukshetra University. When Maharshi Dayanand University came into existence in 1976, this Department became the University part. The department imparts education in Chemistry at M.Sc. level with Inorganic, Physical and Organic specializations. The department also provides good opportunities for research at doctoral and post-doctoral levels on a variety of topics in conventional and inter-disciplinary areas in Chemistry with other departments and institutions.
