DIRECTORATE OF DISTANCE EDUCATION

Director (Additional Charge) : Prof. Nasib Singh Gill (upto 11/10/2015)
Prof. Kuldeep Singh Chhikara (w.e.f. 12/10/2015)

Realizing the important role of education which it plays in the overall national development, the Maharshi Dayanand University established a Correspondence Cell in 1988 for imparting education through 'Correspondence Course' leading to the award of B.Ed. degree. The University, with the passage of time and development of technology and requirement of society, upgraded the Correspondence Cell to the level of Directorate and expanded tremendously to offer a wide spectrum of courses through a network of Study Centers. With the amendment in the Maharshi Dayanand University Act in the year 2012, the Directorate restricted delivery of its courses to distance learners from its Headquarters and is providing opportunities for higher education to a large segment of population especially disadvantaged groups living in remote and rural areas, housewives and working people.

The Directorate is creating, preserving, and disseminating knowledge to build competitive capability for holistic development of man and society. The various programmes offered by the Directorate range from conventional to professional as per needs of the area and employment opportunities available in the country. In order to meet the growing demand of open and distance learning, the Directorate has acquired resources for further access to rural areas. The Directorate is contributing significantly towards achieving the national objective of providing quality education to all and to reach the unreached by offering useful distance education programmes to learners belonging to different parts of the State/Country.

The Directorate offers 13 popular Undergraduate/Postgraduate programmes mentioned in the Information Brochure for Distance Learners based on carefully designed curriculum, well planned teaching learning strategies, effective student support system for an effective functioning and fair examination and evaluation system.

The DDE is providing full support and service to its students, ensuring removal of difficulties at personal level so that the participation of the students in the programmes offered by the DDE becomes really effective and meaningful. Candidates facing any difficulty in pursuing the distance education programmes may contact concerned officer/official during working hours or submit his/her problem in writing to the **Grievances Cell** of the DDE. While submitting any problem/request/complaint, students are advised to write their details i.e. Name/Father's name, Registration No. (Allotted by the DDE), name of course (with year/semester) for prompt action, failing which such requests/complaints etc. will not be entertained.

The Directorate has evolved the concept of "**Students Support Services Camps (SSSCs)**" to help and groom the distance learners in several ways. Student Support Service in open and distance learning system is quite different from other services. These services are not only confined to interactive counselling or solving the learners problems but also include to promote distance learning to address the issue of continuous upgradation of skills so as to produce manpower resources of the kind and the number required by society, to fulfill the expectations indicated in the National Education Policy (1986). In addition to the services already mentioned, the focus of the educators is also on learners' personality development, inculcating soft-skills, career counseling & guidance and community education. Further, the SSSCs are aimed to facilitate learning, counselling and to solve the problems of the distance learners which they face during their self-study from the study material provided by the Directorate. Through SSSCs, the learners get an opportunity to interact with the counsellors and the peer group. DEB, UGC accorded recognition to our following distance mode programme for two academic session i.e., 2016-17 & 2017-18.

Bachelor of Arts (B.A.), Bachelor of Commerce (B.Com.), Master of Arts (Hindi, English, Sanskrit, Economics, Political Science, Public Admn., History), Master of Science (Mathematics), Master of Commerce (M.Com.), Bachelor of Library & Information Science, Master of Library & Information Science. Admission to these courses will start from the month of August and Examinations will be held in April/May.
