About the Centre for IPR Studies

The Centre for Intellectual Property Right (IPR) Studies of Maharshi Dayanand University has been established to specifically manage and coordinate the activities associated with the commercialization of research which will help the University to retain intellectual property programs on IPR and protection of the invention created by the researcher(s) of the University.

Objective of the Conference

The conference aims to promote knowledge economy, and this goal cannot be achieved without nurturing innovation and creating a strong intellectual property (IP) ecosystem in a University. IPR are particularly important because they enable the protection of innovative ideas and their commercialization. The expert speakers in the conference will train the participants to solve the IPR-related challenges. Speakers will inform about the latest legislation changes and schemes for financial support to the universities and research institutions.
