Prakrit**

M D University Rohtak

Introduction

A strong bedrock of research lies behind every progressive country. At the same time doing research is a step-by-step procedure from submitting the proposal at the beginning through to reporting the results at the end. Creating a research pool especially with the young minds is a mandate to shoulder for each and every organization in India and Maharshi Dayanand University Rohtak is committed to it. The week-long workshop is an exemplar attempt of Chaudhry Ranbir Singh Institute of Social and Economic Change and Department of Sanskrit, Pali and Prakrit.

Theme and subthemes

The training workshop would
broadly focus on:

- Research Methodology: General Aspects
- Research design and approach
- Language of the thesis
- Qualitative, quantitative and mixed methods
- Sanskrit Research Tools and Modern approach to Research

- New trends in Sanskrit Research: Vedic literature, Indian Philosophy, Sanskrit Grammar, Classical Sanskrit Literature and Navya Nyaya
- Manuscriptology and Textual Criticism
- Encyclopedic and bibliographic works in Sanskrit
- Techniques of preparing Encyclopedic research works
- Reputed Sanskrit Research Journals and Other Research publishing Platforms
- Library consultation and Plagiarism
- Use of modern technology for Sanskrit research

Objectives

The driving force for M. Phil and PhD scholars, though not exhaustive, needs to be addressed.

- to appraise the research scholar with the latest trends and development in the area of research methodology.
- hands-on training in preparing research design.

- training in qualitative and quantitative research methods
- to impart knowledge of using different methods of collection, selection and classification of data
- to assist the scholar in data analysis and interpretation.
- training about plagiarism
