## Monkeypox: Contacts of all positive cases being screened

TIMES NEWS NETWORK

New Delhi: Apart from the first confirmed monkeypox case in Delhi, there persons suffering from the disease have been detected in Kerala.

All contacts of the positive cases are under observation, sources said.

Caused by the monkeypox virus, the disease is similar to smallpox but the symptoms are milder and it's rarely fatal. Globally, more than 16,000 cases of the disease have been reported over the last seven months. Five people have so far succumbed due to it, the World Health Organisation (WHO) has confirmed. The UN health body last Saturday declared monkeypox a public health emergency of international concern (PHEIC).

Monkeypox can be passed on from person to person through any close physical contact with monkeypox blisters or scabs (including during sexual contact, kissing, cuddling or holding hands) and through touching clothing, bedding or towels used by an infected person.

Anyone can get monkeypox, including children. However, because most cases reported till date are those of men who are gay, bisexual or had sex with other men.

## Incident On Haiderpur Flyover, Case Filed

TIMES NEWS NETWORK

New Delhi: A 30-year-old motorcyclist died after a kite string slit his throat on the Haiderpur flyover in north-west Delhi on Monday. The use of the sharp manjha kite string, prohibited by law, goes up in the run-up to Independence Day, with kite flying a major attraction that day in the city.

According to police, Sumit Ranga was on the Haiderpur flyover around 7.40pm on Monday when the kite string slashed his throat. He was rushed to Saroj Hospital, where doctors declared him dead. Ranga's father, who runs a hardware shop in Burari, said that his son was returning home on his motorcycle when the incident happened.

Usha Rangnani, DCP (North-West), said, "On the basis of the medico-legal case and the circumstances, a case for causing death by negligence was registered in Maurya Enclave police station and investigation is in progress. We are regularly conducting checks on the sale of Chinese manjha in marketplaces and sensitising the public about the banned kite string."

FUN WITH STRINGS ATTACHED

### Times View

Chinese manjha is banned in the city. Yet it somehow manages to find its way into the market, often causing injuries, and sometimes even death, as in this case. Authorities must clamp down on this illegal and deadly business to prevent similar cases from happening in the future.

The kite string, particularly the glass-enhanced Chinese manjha, put mainly two-wheeler riders in jeopardy. The fact that the strings can rarely be traced to the person using them makes

it difficult for police to bring the violators to book.

Every year, Delhi Police issues guidelines related to kite flying and carries out inspections of shops to deter sale of the insidious string, but it is almost impossible to take a death case to a logical conclusion owing to difficulty in finding clinching evidence.

As per the notification of Delhi government, those engaged in use, possession or sale of the so-called Chinese manjha face a fine of Rs 1 lakh or imprisonment up to five years or both. Only normal cotton thread is permitted for kite flying.
