About the University

Maharshi Dayanand University, Rohtak, established in 1976 with the object to promote inter-disciplinary higher education and research. The University derives its name and identity from Maharishi Dayanand Saraswati, a great freedom fighter, renowned social reformer and progressive thinker of his time. In a span of more than 4 decades, the University has progressed leaps and bound to emerge as a leading centre of higher education.

About MDU-CPAS- Gurugram

Maharshi Dayanand University Centre for Professional and Allied Studies, Gurugram was established, initially under the name 'National Law College' in year 2000 by the Government of Haryana. Institute is being run and maintained by the Maharishi Dayanand University, Rohtak. This University Teaching Department is spread over a sprawling land of 7 acres with the beautiful architecture of two floor building, parking space and lush green sports ground in the vicinity of the cyber city of nation. Institute is located in the centre of Sector 40 of Gurgaon, just opposite to the police station and is less than a km drive from National Highway - 8. MDU-CPAS is committed to impart high quality professional education in the areas of Law and

Management through regular, evening and weekend programs at the affordable cost to meet the growing demand of the corporate and others.

About the Program

Sustainable development implies the fulfilment of several conditions: preserving the overall balance, respect for the environment, and preventing the exhaustion of natural resources. Reduced production of waste and the rationalization of production and energy consumption must also be implemented. Sustainable development is presented as a more or less clean break from other modes of development, which have led and are still leading to worrying social and ecological damage on both a worldwide and a local scale. In order to be sustainable, development must combine three main elements: fairness, protection of the environment, and economic efficiency. A sustainable development project must be based on a better-developed mode of consultation between the community and the members it comprises. The success of such a policy also depends on consumers accepting certain constraints and a citizen observing certain requirements with regard to transparency and participation. Sustainable development is a key concept that provides an answer to the question how humankind

coexists harmoniously with the earth and with nature. Keeping this in mind, **MDU Centre for Professional and Allied Studies, Gurugram** proposes to organize **One day International Conference on ‘Sustainable Development: Innovations & Challenges’** on **4th June 2022** to address issues and challenges of sustainable development in the era of fast changing environment. Organizers hope that the discussions and deliberations during the conference will come out with concrete action plans and remedial measures to some extent to resolve the issue of conflict between environmental degradation and sustainable development.

Objectives of the Conference

The conference focuses on addressing issues related to various SDGs and their scope in making an efficient use of existing resources. The important objectives of the conference are:

- To generate wide spread awareness about the importance and relevance of SDGs towards achieving socioeconomic growth and development.
- To encourage and motivate young budding researchers to understand the intricacies of SDGs and its Challenges in VUCA world.

- To provide an interdisciplinary forum on global sustainable development for practitioners and academicians.
- To propose multidisciplinary policies for economic, sociopolitical, cultural, and institutional changes.

Conference Themes:

- Global Change and Atmospheric Pollution
- Natural Resource Management
- Sustainable Agriculture
- Alternative Energy Resources
- Socioeconomic Perspectives
- Legal Dimensions of Sustainable Development
- Skill Development & Employment
- Peace, Justice & Institutions
- Green Journalism
- Environmental Governance
- Reconciling Economic Growth
- Corporate Governance & CSR
- Sustainable Green HRM Practices

The above list of the conference themes is self-illustrative. Quality submission in empirical or theoretical aspects on the related themes in conformity with the overall theme of the National conference

Registration Fee: INR 600 for academicians, 300 for Research Scholar and Students
All authors/presenter need to register online using the link:

<https://forms.gle/5fQk7AkMnLiNoKeY7>
