The **University Youth Red Cross** provides an opportunity to the students to devote part of their time to the service of humanity. It trains the volunteers by organizing First Aid and Home Nursing training, workshops relating to disaster management, rescue operations and how to save themselves and others in calamities (natural or man-made). Volunteers are trained through health and hygiene workshop, how to keep themselves healthy and also expect them to convey this to the masses. It also motivates them for blood and organ donation. YRC of MDU is continuously securing First position amongst the State Universities of Haryana for rendering yeoman services to the humanity exemplifying the motto of the Red Cross "With humanity, towards peace".

The MDU Consortium for Students Capacity Building is a significant initiative aligned with the principles outlined in the National Education Policy 2020. The policy emphasizes the importance of multidisciplinary and holistic education to nurture the intellectual, aesthetic, social, physical, emotional, and moral capacities of individuals in an integrated manner. To realize these goals, a comprehensive and long-term approach is required, which includes developing competencies in professional, technical, vocational, and universal value education, alongside fostering a liberal education and collaborative multidisciplinary approach.

The MDU Consortium for Students Capacity Building is a crucial step towards achieving these objectives. The consortium is governed by a dedicated body, chaired by the Vice-Chancellor, and brings together several cells and centers aimed at enhancing student capabilities. These include the University Centre for Competitive Exams (UCCE), the Centre for Life Skills & Soft Skills, the Centre for Youth Skills & Development, and the Career Counselling & Placement Cell (CCPC). By integrating these cells and centers, the consortium aims to facilitate a comprehensive learning experience for students, fostering creativity, innovation, critical thinking, higher-order thinking capacities, problem-solving abilities, teamwork, and communication skills.

CENTRE FOR DISTANCE AND ONLINE EDUCATION

Realizing the important role of education which it plays in the overall national development, the Maharshi Dayanand University established a Correspondence Cell in 1988 for imparting education through 'Correspondence Course' leading to the award of B.Ed. degree. The University, with the passage of time and development of technology and requirement of society, upgraded the Correspondence Cell to the level of Directorate and expanded tremendously to offer a wide spectrum of courses through a network of Study Centres. With the amendment in the Maharshi Dayanand University Act in the year 2012, the Directorate restricted delivery of its courses to distance and online learners from its Headquarters and is providing opportunities for higher education to a large segment of population especially disadvantaged groups living in remote and rural areas, housewives and working people. From 01.04.2022, the name of the Directorate of ODL/Online Mode has been changed to Centre for Distance and Online Education.

The Centre for Distance and Online Education seeks to create, preserve, and disseminate knowledge to build competitive capability for holistic development of man and society. The various programs offered by the Centre for Distance and Online Education range from conventional to professional as per needs of the area and employment opportunities available in the country. In order to meet the growing demand of open and distance learning, the Centre for Distance and Online Education has acquired resources for further access to rural areas. The Centre for Distance and Online Education is contributing significantly towards achieving the national objective of providing quality education to all and to reach the unreached by offering useful ODL/Online Mode programs to learners belonging to different parts of the State/Country.

The Centre for Distance and Online Education which has been divided into various segments/sections/departments is housed in a spacious building, which is properly ventilated and easily accessible. The Centre for Distance and Online Education is offering 13 Undergraduate & Post Graduate Programs through Open and Distance Learning mode and 2 Post Graduate Programs through Online mode on carefully designed curriculum, well planned teaching learning strategies, effective student support system for an effective functioning and fair examination and evaluation system.

The University has established Centre for Internal Quality Assurance for maintenance of academic standards in distance education.

The CDOE believes in providing full support and service to its students, ensuring prompt removal of difficulties so that the participation of the students in the programs offered by the CDOE becomes really effective and meaningful. The Centre for Distance and Online Education has evolved the concept of “Student Support Services Camps (SSSCs)” to help and groom the distance and online learners in several ways. Student Support Service in open and distance learning system is quite different from other services. These services are not only confined to interactive counselling or solving the learners problems but also include to promote distance learning to address the issue of continuous upgradation of skills so as to produce manpower resources of the kind and the number required by society, to fulfill the expectations indicated in the National Education Policy. In addition to the services already mentioned, the focus of the educators is also on learners’ personality development, inculcating soft-skills, career counseling & guidance and community education. Further, the SSSCs are aimed to facilitate learning, counselling and to solve the problems of the distance and online learners which they face during their self-study from the self learning material provided by the Centre for Distance and Online Education. Through SSSCs, the learners get an opportunity to interact with the counsellors and the peer group.

Facilities:

- The self-learning with the help of self learning material is supplemented by organising Student Support Services Camps to solve the problems of the distance and online learners. During the duration of these camps students after getting himself/herself registered is free to contact the Counsellor(s) of the concerned program and get his/her doubts or problems resolved.
